June 2, 2022

June 2, 2022 | Version 6.11.1 (243a0f6cd247)

Bug Fixes

- Fixed issue on Collaborative Brainstorming where the added elements on the whiteboard are disappearing on evaluators' screen
- Fixed issue on Allocate Time Periods where the copy/paste options are not working
- Fixed the wrong alignment of the Objectives Hierarchy and Alternatives list when editing checklist type of Insight questions.
- Fixed the missing page title error for the Create Password page
